OUR COMPANY

Namah Fateh Traders which is a sister concern of Meraki Dia Tools, Millinium Diamond Tools and Maruti Brazing Center, is a leading manufacturer and exporter, with a vast experience of 15+ years in the field of Diamond Tools and Stone Industry. We assure the highest quality of products by using advanced technology and our secret ingredients in manufacturing process. We provide these high quality tools used for cutting stone blocks or extracting natural stones from mines or quarries at reasonable prices. Our diamond tools will help you in cutting stones blocks at ultra-high speed with less electricity consumption, less stone wastage and better finishing of slabs.

We would like to build a healthy business relationship with our clients. Please feel free to ask for price or more photos of our products and workshops.

To know more about us and our products, you are always welcome in our office/factory for a beverage and chat or you can visit our website www.namahfateh.com

OUR SERVICES

Namah Fateh Traders is a leading manufacturer and supplier of all stone related products and diamond tools. What makes us a leading pillar of our industry is the epitome of services we provide. Be it brazing, quality assurance or after sale services. We are available 24 x 7 for our clients regarding any concerns. We try and solve the issues on phone calls most of the time but if there is still a doubt in our precious clients' minds, we provide on-site technical support by sending our engineers where our products are installed and used to guarantee least down-time of your machines and functioning and paramount performance. We assure top quality products which come out as a result of using high end technologies with our secret ingredients which make our products to stand out from that of our adversaries.

DIAMOND TOOLS

GANG SAW SEGMENTS

We at Namah Fateh, manufacture our segments in sandwich pattern, which is the reason for the superior cutting quality, long life of segments and high speed cutting of stones. We manufacture our segments without base plate (dummy piece) which gives us an edge over others as our segments can be optimally used till very last point. All these features collectively also helps in minimum electricity consumption.

We manufacture diamond segments for all type of stones like Green, White, Pink, Italian, etc.

We provide segments in different standard sizes as per customer's requirement.

Different sizes of segments.

(We also make custom sized segments as per customer's need.)

For Indian Marble. Sandstone & Granite (L*B*H)
